Dear Jerry:

I am pleased to inform you that Green Seal has evaluated the following Eco Concepts products and determined that these products comply with the environmental and performance requirements of the Green Seal Environmental Standard for Floor Care Products: Finishes and Compatible Strippers Used for Industrial and Institutional Purposes (GS-40):

Brand Name	Product Name	Product Codes	Sizes
GREEN CONCEPTS	Green Floor Finish Remover	0421.0	1 gal HDPE
		0423.0	5 gal HDPE
GREEN CONCEPTS	Pacific Metal-Free Finish	0422.0	1 gal HDPE
		0424.0	5 gal HDPE

Accordingly, Eco Concepts is authorized to use the Green Seal Mark in association with these products, provided that no changes are made in the way the products are manufactured or represented.

This certification remains valid until such time your products are no longer subject to a valid certification agreement, or that Green Seal has reason to believe, based on the results of our ongoing monitoring program or otherwise, that your product no longer complies with GS-40.

As a reminder, any use of the Green Seal Mark or reference to Green Seal needs to be approved by Green Seal and conform to the Rules Governing the Use of the Green Seal Certification Mark.

Congratulations on this achievement for Eco Concepts. We look forward to continuing this relationship.

Sincerely,

Mark T. Petruzzi
Vice President of Certification
